# VISION:

## HERITAGE

Celebrate the best of the past and integrate the opportunities of the future

## RECREATION

Grow our regional recreation capacity

## COMMUNITY

Reaffirm the Park precinct as a significant community place

## PRINCIPLES:

### RESPECT AND PRESERVE

To celebrate the historic recreation and community significance of the park that preserves and enhances its environment, infrastructure and amenity.

### ADAPT AND DEVELOP

Contemporary facilities underpinned with tradition that grow recreation, community and economic opportunity.

## OBJECTIVES:

Preserve and enhance the special heart and tradition of Tanunda's primary recreation park

Retain, manage and grow a green and shaded park through a landscape management plan phased, funded and implemented throughout the development

Balance passive and sporting recreational pursuits and the impact of the park in its central neighbourhood setting

Create contemporary facilities that give everyone the chance to be active, outside, and having fun, competition or quiet enjoyment

Create contemporary facilities that compliment our heritage whilst supporting economic opportunity

Provide a safe and accessible space

Create a destination that can be promoted as part of a Barossa hub for major local, regional, state and national events

Develop shared, social spaces, that welcome everyone

Manage park access and on site traffic flows

Consider the potential staging & costing of development
